## ***Voice YOUR Concern Over Waterfront Development!***

The Pennsport Civic Association and Whitman Council Neighborhood Advisory Committee is partnering with State Representatives Bill Keller (D-184), Marie Lederer (D-175) and John Taylor (R-177) to host an important symposium titled ***Delaware Riverfront 2015*** to discuss the enormous changes occurring within communities along the Philadelphia riverfront. Pennsport Civic Association President John Dougherty and Whitman President Robert Blackburn were also instrumental in pulling together the symposium.

Our riverfront is experiencing unprecedented growth – new housing developments, retail centers and the possibility of two new slots parlors will result in an enormous strain on our sewage infrastructure, available parking, traffic flow, environment, and access to the river. Unfortunately, there does not appear to be any clear, strategic plan to address these critical quality of life issues.

***Delaware Riverfront 2015*** will provide all affected residents with the opportunity to voice their concerns and get answers from government and civic leaders, as well as from a panel of experts from a variety of fields. This two-day event is **free** and **open to the public**. Mark your calendars now! Please attend and let your voice be heard.
